

# Listening Session Town Office Complex

On August 4<sup>th</sup> at the 6:30 p.m. Regular Meeting of the Three Lakes Town Board of Supervisors, there will be the first of three total planned listening sessions for the Town Office Complex Project. Citizen participation is highly encouraged, especially seasonal residents before they leave for the year.

At the Annual Town Meeting on April 14, the electors authorized the Town Board to request proposals for the design and construction of a new environmentally sustainable facility to replace the current town office, community room, library, and police department. As part of this process, the Town Board is seeking citizen input to help guide the next actions and steps being taken by the Town.

During the listening session portion of a meeting, the usual rules are temporarily suspended to allow open interaction between the Board and citizens. Those attending will have the chance to fully express any opinions they may have. You may also submit written comments if you cannot attend.
